

# MAPLE WATER OF QUÉBEC

IN BULK

## Technical Description

04/2018

TECHNICAL DESCRIPTION	
<b>Product</b>	Pure maple sap harvested from sugar maple trees as they naturally flow in spring. Sterilized using UHT processing.
<b>Advantages</b>	100% natural and authentic product, harvested exclusively from Canadian maple groves. No preservatives added. Nothing has been added or removed.
<b>Environment</b>	Ecological and renewable source. The maple industry helps protect Québec's forests.
<b>Certifications</b>	<p>NAPSI-certified (Natural, Authentic, Pure, Sterile and Integral). Pure maple sap. May be certified organic. To be confirmed for each producer.</p> <p>The NAPSI logo is registered for certification mark registration in Canada, the United-States, the United Kingdom and Japan.</p> <p>The logo may only be used by businesses that sign a licensing agreement according to the terms established by the Federation of Quebec Maple Syrup Producers, and under the condition of adherence to the certification standard and the design standards.</p> <p>This logo may be used only for maple water in containers of no more than five (5) kilograms or no more than (5) litres. It may in no way appear on maple water in bulk containers. Bulk maple water must be labelled, with no logo, only as follows: PRODUCT IN NAPSI-CERTIFIED PROCESSING STAGE.</p>
<b>Origin</b>	Quebec, Canada.
<b>Declaration in the list of ingredients</b>	Maple water or maple sap.
<b>Production codes</b>	Provided by the processor.
<b>GMO</b>	None.
<b>Pesticides</b>	No pesticide residue. Maple production does not require the use of products such as antibiotics, antiparasitics, pesticides, herbicides, plant-growth regulators, etc. As a result, the risk of finding traces of these substances is practically zero, according to the recommendations in effect in Quebec.
<b>Allergens</b>	None added at the maple grove.

COMPOSITION	
<b>Ingredients</b>	Maple water (or maple sap).
<b>Brix</b>	1.7 to 3.0 °Bx
<b>pH</b>	6.60 to 7.50

SPECIFICATIONS	
<b>Organoleptic properties</b>	Clear and translucent appearance, like pure water, sometimes with a very slight amber tint. Slightly sweet with a subtle maple flavour. Free of foreign flavours or odours. Sediment of natural components of the maple tree may be present.
<b>Sweetness</b>	0.04 (sucrose = 1) 0.06 (glucose = 1)

# Analysis

<b>DETAILED PHYSICOCHEMICAL ANALYSES</b>					
	Median	Number of samples	Minimum	Maximum	Method

# Nutrition Facts Tables (generic)

CANADA

## GENERAL INFORMATION

Nutrition Facts tables may change depending on use:

- Industry: Nutrition Facts table for 100 ml

**Format must be confirmed for your packaging. Consult with a specialist.**

These tables are presented for information purposes only.

The values presented in the Nutrition Facts Table are averages.

### MAPLE WATER 100 ml

#### Nutrition Facts Valeur nutritive

pour 100 ml  
Per 100 ml

<b>Calories 10</b>	% valeur quotidienne* % Daily Value*
<b>Lipides / Fat</b> 0 g	0 %
saturés / Saturated 0 g	0 %
+ trans / Trans 0 g	0 %
<b>Glucides / Carbohydate</b> 2 g	
Fibres / Fibre 0 g	0 %
Sucres / Sugars 2 g	2 %
<b>Protéines / Protein</b> 0 g	
<b>Cholestérol / Cholesterol</b> 0 mg	
<b>Sodium</b> 0 mg	0 %
Potassium 10 mg	0 %
Calcium 0 mg	0 %
Fer / Iron 0,3 mg	2 %
Zinc 0,1 mg	1 %
Cuivre / Copper 0,09 mg	10 %
Manganèse / Manganese 0,225 mg	10 %

\* 5% ou moins c'est **peu**. 15% ou plus c'est **beaucoup**  
\* 5% or less is **a little**. 15% or more is **a lot**

#### Nutrition Facts Valeur nutritive

pour 100 ml  
Per 100 ml

<b>Calories 10</b>	% valeur quotidienne* % Daily Value*

\* 5% or less is **a little**. 15% or more is **a lot**

# Potential Claims in Canada for Pure Maple Water

(In accordance with new Health Canada standards)

• Nutrient content claims are based on rounded values as per the new Food and Drug Regulations, Article B.01.401 (1.2) “The percentage of the daily value for a mineral nutrient shown in the nutrition facts table for a prepackaged product in accordance with subsection (1) shall be established on the basis of the amount, by weight, of the mineral nutrient per serving of stated size for the product, rounded off in the applicable manner set out in column 4 of the table to this section.”

• It is important to note that claims vary according to the serving size in the Nutrition Facts Table.

## VITAMINS AND MINERALS

	Stated Serving Size of 100 ml*		Vitamin and Mineral Claims
Copper	0.09 mg	10 %	Source of copper
Manganese	0.225 mg	10 %	Source of manganese

## POLYPHENOLS

Only quantitative claims are allowed (as in the table below), and only outside the Nutrition Facts tables.

Note that using words such as “contains” is not allowed.

Packaging format	Quantitative claims
100 ml	0.96 mg polyphenols per serving of 100 ml*

\*The data presented in these tables correspond to average value.

# Potential Claims in Canada for Pure Maple Water (cont'd.)

## CLAIMS REGARDING COMPOSITION, QUALITY, QUANTITY AND ORIGIN

<b>No added sugar</b>	Yes, but only if a general note is added	The text must not imply that other maple waters may contain added sugar. The claim must be accompanied by a note stating that the quality attributed to this maple water does not apply to the food in question alone, but to all foods of the same category. <u>General note:</u> Ex.: “Maple products do not contain added sugar” or “Like all maple products, contains no added sugar,” etc.
<b>100% pure and natural*</b>	Yes	
<b>Naturally sweet</b>	Yes	
<b>100% pure</b>	Yes	
<b>No preservatives/ additives/ parabens</b>	Yes, but only if a general note is added	The text must not imply that other maple waters may contain preservatives, additives or other added substances. The claim must be accompanied by a note stating that the quality attributed to this maple water does not apply to the food in question alone, but to all foods of the same category. <u>General notes:</u> Ex.: “Maple products do not contain preservatives” or “Preservative-free, like all maple products,” etc. And “Maple products do not contain additives” or “Additive-free, like all maple products,” etc. And “Maple products do not contain parabens” or “Paraben-free, like all maple products,” etc.
<b>No added flavours</b>	Yes, but only if a general note is added	The text must not imply that other maple waters may contain added flavours. The claim must be accompanied by a note stating that the quality attributed to this maple water does not apply to the food in question alone, but to all foods of the same category. <u>General note:</u> Ex.: “Maple products do not contain added flavours” or “Like all maple products, contains no added flavours,” etc.
<b>Subtle maple flavour</b>	Yes	
<b>Hydrate naturally</b>	Yes	
<b>Refreshing</b>	Yes	
<b>Thirst-quenching</b>	Yes	
<b>Organic</b>	To be confirmed	Claim is possible if the standard is met. Contact the authorities responsible for this certification.
<b>Halal/kosher</b>	To be confirmed	Claim is possible if the standards are met. Contact the authorities responsible for these certifications.

**\*Notes regarding the use of the claim “Natural”**

- A natural food or ingredient is not expected to contain, or to ever have contained, an added mineral nutrient, added vitamin, artificial flavouring agent or food additive.
- Furthermore, in order for a food or ingredient to be called “natural,” it must not have any constituent or fraction thereof removed or significantly changed, except the removal of water.
- The new CFIA guidelines state that “a natural food or ingredient of a food must have been produced through the ordinary course of nature without the interference or influence of humans.”

## Packaging - Varies by Manufacturer

---

Tote in 200 L or 1 000 L.

## Storage and Shelf Life

---

18 months at room temperature. Potential for sedimentation of maple water's natural compounds.

## Freezing

---

Possible. Potential sedimentation of the natural components of maple water.

## Potential Uses

---

Can be used as is or can replace water or certain juices or liquids in food preparations such as: flavoured waters, functional beverages, sports drinks and thirst-quenchers, smoothies, broths, soups, poaching liquids, etc.

## NAPSI Standard

---

The purpose of this mark is to certify that the maple water is:

- **Natural:** sourced exclusively from trees of the genus ACER;
- **Authentic:** harvested in Canada and controlled from production to marketing;
- **Pure:** free of any chemical preservatives;
- **Sterile:** free of any living microorganisms;
- **Integral:** unrefined, thus preserving the integrity of its constitution.

All according to specifications that must be followed at every step along the production chain.
